Friendship between KNS (Royal Yacht Club of Norway) and EYC (Enoshima Yacht Club)

～ e-sailing project ～

Norway Friendship Yacht Race began to commemorate the friendship between King Haral (then Crown Prince) , who participated in the 1964 Tokyo Olympics as sailing athletes, and His Majesty the Emperor. After confirming the relationship, KNS (Royal Yacht Club of Norway) and EYC (Enoshima Yacht Club) will deepen their ties through sailing.

As the first step, we will connect online this time, introduce each other's club, and then challenge e-sailing. And finally, we aim to announce the sailing short stay exchange program for the future junior and youth generation.
